- Allergen-free

A WEIDER INNOVATION

Energy Caffeine Gummies

Easy Energy! Gummies with caffeine

Guarana + Taurine

Sugar-free

Allergen-free

Caffeine is a substance found in different types of plants (coffee, tea, guarana...). It helps us to reduce physical and mental tiredness, keeping us awake and boost mental focus and alertness.

Our **Energy Caffeine Gummies** are the easiest and most appetising way to take caffeine. In only one just serving you'll find 61mg of caffeine, equivalent to the amount contained in one and a half cups of coffee. It also contains taurine and guarana extract, which help to boost the stimulating effect of caffeine.

As well as containing rapidly assimilated caffeine, we have made the **Energy Caffeine Gummies** more complete by adding a mix of vitamins including Vitamin C, Vitamin B5, Vitamin B6 and Vitamin B12. Guarana acts synergistically with these vitamins as a natural energiser that increases attention and concentration while reducing the feeling of fatigue.

Energy Caffeine Gummies only contain 38 calories per serving with no fat, making them easily digestible, like all our other gummies, they are allergen-free and sugar-free.

With this an ideal alternative to gels and bars, we give you one more possibility to be more energised during your trainings.

At Weider, we are concerned about the health of our consumers, so we would like to remind you that this product is not recommended for pregnant or breastfeeding women.
