

**HIGHER THAN EVER
PERFORMANCE!**

ENERGY JELLY BAR

- Energy bars with fruit
- Enriched with amino acids, vitamin minerals and beetroot juice
- Gummy texture

ENERGY JELLY BAR

Energy bars with fruit

Enriched with amino acids, vitamin minerals and beetroot juice

Gummy texture

Energy Jelly Bar is the newest addition of Victory Endurance. It supplies energy for your trainings, is easy to digest and absorb, and it has a fine texture that will remind you of jelly.

It contains fast-absorption carbohydrates, fruit pulp, amino acids, vitamins, electrolytes and also beetroot juice, rich in nitrates which favor vasodilation.

Its jelly-like texture, made from apple pulp, makes it soft and easy to swallow. This helps digestion since it doesn't require much chewing. This new bar gives you a wider choice to replenish the energy you need during trainings, becoming a great alternative to gels.

What's inside? Each bar supplies:

- **Fast-absorption carbs:** One of the main causes of fatigue is that during long trainings glucose stores run out. Energy Jelly Bar is a quick energy source that nourishes the muscle cells helping to optimize performance and reduce fatigue.
- **Beetroot juice:** Naturally rich in nitrates, which are precursors of nitric oxide, the vasodilating substance that improves oxygenation and performance during prolonged physical exercise.
- **Amino acids (BCAAs):** Branched-chain amino acids (L-leucine, L-isoleucine, L-valine), L-arginine and taurine
- **Chloride, Potassium and Sodium:** They help replenish the loss of electrolytes, foster water balance and prevent dehydration.
- **Vitamin B1 and B6:** Contribute to a stable metabolism of energy and to reduce fatigue and exhaustion.
- Contains virtually no fat nor fiber, so they are easy to digest.

Energy Jelly Bar is lightweight, handy and contains all the ingredients you need to avoid energy slumps so that you get to the finish line in better shape.

INGREDIENTS (CHERRY FLAVOUR): Sucrose, Glucose syrup, Water, Apple fruit pulp (10%) (apple, antioxidant (ascorbic acid), Acidulant (citric acid)), Gelling agent (Pectin), BCAA's (0,9%) (L-leucine, L-isoleucine, L-valine), Beetroot juice powder (0,6%) (Beta vulgaris), Sodium chloride, Potassium chloride, L-Arginine Base, L-Taurine, Acidulant (citric acid), Acidity corrector (tricalcium citrate), Flavouring, Colorants (Carmines), Vitamin B6 (Pyridoxine HCl) and Vitamin B1 (Thiamine HCl).

DIRECTIONS FOR USE: Take 1 bar with 200 ml of water during exercise.

PRESENTATION: 32g Bar

FLAVOURS: Watermelon and Cherry.

	Per serving (32 g)	% NRV
